Councillors M Sidebottom and N Williams withdrew during consideration of this item.

A resident of Warning Tongue Lane had contacted the Chairman about a Licensing Application for Yorkshire Wildlife Park that provided for no restrictions on the time for the playing of live or recorded music and sale of alcohol. The Clerk had collated comments from members and sent these to DMBC. Notification had been received that a hearing of the application would take place on 17 November 2015.

RESOLVED (12)

- a) That the following comments be agreed:

‘The parish council fully recognises the value of the Wildlife Park to both the local economy and tourist industry of Doncaster and fully supports its achievements but is concerned over the latest licensing application.

It is felt that live or recorded music after 10.00 p.m. will impact adversely on residents through noise disturbance and the sale of alcohol and associated events at unsocial hours e.g. until 5.00a.m. will increase general noise levels and volumes of traffic which are currently a cause for complaint when special events take place. It is felt that such a broad application is not in keeping with the ethos of a Wildlife Park or the surrounding conservation area.

In addition it is felt that there are insufficient notices displayed on Warning Tongue Lane as there are only two at each side of the entrance to the Park, it is accepted that there are notices on the public footpath leading from Warning Tongue Lane and on Brockholes Lane but these are not easily accessible to many residents.

It is requested that the current application is refused and a more detailed application is submitted and a wider consultation undertaken.’

- b) That Councillor D Chorlton attends the hearing on 17 November 2015 to explain the council’s comments if required.

Concerns were also raised regarding the effect on the surrounding infrastructure and air quality due to the increased volume of traffic.

RESOLVED (15)

That a letter is sent to the local MP expressing concern that no consultation at any level had taken place, no information had been made available and therefore there was no opportunity for any local opinion to be put forward, consequently there was a lack of transparency.
